NetGain SEO Announces New Sales & Project Manager

Barrie, ON – June 21, 2010 – NetGain SEO has introduced a Sales & Project Manager to their growing team. The marketing services company specializes in search engine optimization, graphic and web design was seeking a candidate which was familiar with this industry. Nathan Allen, a Web/Graphic Designer for NetGain has begun his transition into this new and exciting role.

The Sales & Project Manager will be responsible for generating new clients and building lasting relationships with existing clients. Nathan will be working alongside NetGain's talented team of designers, developers, communication and photography experts. He will be overseeing project completion from start to finish. From search engine optimization to graphic design proposals Nathan will work to ensure that client expectations are consistently exceeded.

NetGain SEO is a rapidly growing marketing services company which is looking to build a positive local, national and international reputation. Nathan Allen will play a pivotal role in these efforts through managing and expanding NetGain's dealings with its local (City of Barrie), Canadian, US & UK customer base. The hope is that the new Sales & Project Manager will help to launch the company into the next phase of success.

Moving Nathan Allen into this role was an easy decision. Nathan's resume includes several years of experience in sales and project management, as well as, a degree in 'Media, Information & Technoculture' and a diploma in 'Multimedia Design & Production'. This background ensures that clients can rely on Nathan to clearly explain NetGain's service portfolio and handle technical questions about those services.

According to Drew Dekker, Vice President, "We are confident that Nathan will provide quality service to NetGain clients and build long-term relationships. As a Web/Graphic Designer Nathan has always taken pride in his work and brought a determination to satisfy clients. We believe that these valued characteristics will carry over into his new role."
